Advocacy and Public Policy Grassroots-inspired and research-based, Child Care Aware® of America advocates for better child care. Through Capitol Connection we advocate for projects that increase the quality and availability of child care, undertake research on the child care landscape, and advocate for child care policies that improve the lives of children and families. Bainbridge Island Child Care Center has been dedicated to the growth of young children since 1974. How to get started: Complete the child care center self-assessment to find out if your child care center qualifies. If your center meets all six standards and has a breastfeeding policy, you may qualify to receive the FL DOH Florida Child Care Food Program's Breastfeeding Friendly Child Care Facility designation. The Association for Child & Youth Care Practice, Inc. is a membership organization of state and regional associations, child & youth care agencies.
