

Download I Cant Seem To Find Molly Mdmas Purest Exposed

MOLLY X-posed MDMA is also known as X, Ecstasy, Molly, Superman, and XTC. Here, Clinger takes a few to tell you all the dangers associated with the illegal substance. It is very clear that he is against using it in whatever form it comes in and whatever name it is called. MDMA has been reintroduced to America through the hip-hop culture with the new name of Molly. In its pure form, Molly is an illegal white powder that the users consume through the mouth in in order to experience a euphoric high. You should never consume any illegal substance and I do not condone of it's use.
