Students move around to each desk in the classroom and answer questions about the planets, the sun, and the moon. 3rd through 6th Grades. ... Logged in members can use the Super Teacher Worksheets ... There's always something new and exciting happening at Super Teacher Worksheets! We are constantly adding awesome new worksheets and printable activities to our website. Make sure to take a peek at the wonderful resources we added recently! Solar System Scoot. Practice moving from desk to desk before playing the actual game. Have them "Scoot" four or five times before you begin the actual game. Some teachers like to spread out the desks a bit so students do not look at the cards to the right or left of them before they arrive at the desks. Saturn has sixty two moons, the largest being Titan. Titan is the only moon in our solar system that has a dense atmosphere. It's also the only object in our solar system besides Earth to known have large amounts of liquid found on the surface. Super Teacher Worksheets - www.superteacherworksheets.com Uranus is the seventh planet.
